GRAY DAVIS
GOVERNOR

TO: All Certified Processors and Other Interested Parties

SUBJECT: Statewide Average Monthly Scrap Values Used for the
January 1, 2003 Processing Payment and Fee Notice

California Code of Regulations (CCR), Title 14, Section 2985 (b), requires the Department of Conservation, Division of Recycling (Division) to provide written notification of the monthly statewide weighted average scrap values for beverage container material types reported to the Division by participating certified processors. The Division has also chosen to send this notice to certified recyclers keeping them informed.

The statewide weighted average scrap values for each beverage container material type reported on the reverse side of this notice are the monthly scrap value purchases reported by participating certified processors. Year-to-date totals for glass are reported at the request of the glass industry. These totals for glass are provided to enable the industry to see how the value of glass develops from October 2001 to the present. Aluminum scrap values are derived from the *American Metal Market* publication.

Based on reporting corrections obtained after the release of the September 2002 Statewide Average Monthly Scrap Value Notice, scrap values used for the January 1, 2003 Processing Payment and Fee Notice have been updated as provided on the reverse side of this document. If you have any questions regarding this notice, please contact Kenneth Yee, Division of Recycling, at (916) 323-5778.

Chuck Seidler
Market Research Branch

Scrap Value Per Ton

	Aluminum	Glass	Bimetal	#1 PET Plastic	#2 HDPE Plastic
Oct-01	\$892.58	\$11.03	(\$0.27)	\$101.93	\$90.48
